		Kehai Qiu	
4:45 - 5:30		IPOSEE Management Meeting	
Catering	The workshop includes two-days morning tea and lunch.		

The closest airport is Stockholm Arlanda airport.

\* From the Airport: Get to Terminal 5 (if this is not your arrival terminal), there is a train ticket counter in Sky City.

(\* Note: The airport train, Arlanda Express, goes in the opposite/wrong direction to Stockholm)

\* We suggest you pick a hotel close to the train station. To get to the campus of Ångström, take Line 4 (green color) with destination Gottsunda. They still accept card payment onboard (<https://www.ul.se/en/tickets/how-to-buy-a-ticket/on-board/>). Alternatively, pick a taxi. All buses and taxi stand are in the same area (on one side of the tracks).

\* The workshop is at Ångströms Lab that you can easily find on map. It will be in the new building called Building 10 (the one you can see here: <https://www.materialvetenskap.uu.se/about-us/>)

\* The room number is 101125 (on Floor 1). <https://use.mazemap.com/?campusid=49&sharepoitype=identifier&sharepoi=%C3%85ngstr%C3%B6m-101125>
